Tucson Convention Center February 2018

22nd Street Mineral, Fossil & Gem Show; Tucson 2018

Message from the Prez; The photos above are from the Tucson Mineral Show 2018. Joanna and I spent a few days visiting the Tucson show, (world's largest and most prestigious), the Desert Museum and Sabino Canyon. We took lots of photos and look forward to seeing you at the next meeting, Wed. March 7th, 6 pm. We are planning a Power Point presentation that will show you a little bit of the wide range of specimens available and some of the flavor of this huge, sprawling show and its many venues.
