ROCK PICKKENS

ST. LAWRENCE COUNTY ROCK & MINERAL CLUB Date: May 2019

What Mineral Am I?

Minutes from the March Meeting:

The May meeting began at 6:00 pm with 10 members attending. We went around the table and introduced ourselves. We talked about the field trip to Macomb for white quartz crystals. Bill said some are 12" long and 6" diameter. Sat. we will leave McDonalds at 9:00 AM. Hope it get warmer for sure. The crystals can be found almost anywhere on the front or back sides of the hill. Bill has not contacted the Gardenscape quarry people yet. When we go to Harrisville you can collect at the front gate. We may combine a trip to Rose Rd. also. Powers field trip will be during the show. Pheobe is on vacation overseas and will be back the 9th or 10th. Commercial Press' bid turned out to be twice as expensive for printing, so we will stay with Ferguson for now. Bob said he would check with UPS in Potsdam

for quotes. No advertising report at this meeting. Mike Rigel did not cash the scholarship check for SUNY Potsdam that we donated to an outstanding mineralogy student last year. They are "checking into it". Wes asked if we would send an informational e-mail to members re. the Rochester Symposium. Gary will contact the Canton Pavilion to make sure we are all set for the show because they are doing renovations to the rink now. We should make sure they will be finished in time. Julie won the drawing which was a gem tree. Bill gave a presentation video on meteorites.

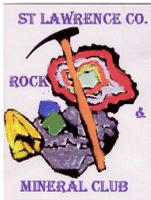

Wayne County Gem and Mineral Club Schedule - through Sept, 2019

Items listed in bold print are pretty much set, those not in bold print are considered tentative.

May 4th – Saturday - Penfield Quarry Collecting Day for Mineral Club Members: 7 AM for safety session, quarry will be open until 12:00 NOON. Full safety gear required: hard hats (bike helmets OK for kids), boots, safety glasses and long pants. We'll be looking for fluorite, but calcite, dolomite, sphalerite, selenite, and fossils can be found also.

May 11th - Saturday Workshop (10:00 AM until mid-afternoon)

May 25th – Saturday; Ilion Gorge (for travertine) with possible afternoon stop at Lord's Corner (for horn coral) Details available at May meeting or contact Linda Schmidtgal

ROCK PICKENS

ST. LAWRENCE COUNTY ROCK & MINERAL CLUB Date: May 2019

June 21st to 24th - western MA sites on Saturday and Gilsum Rock Swap in Sunday, there will be Friday and Monday options for those available. Draft of trip plan is available. Contact Fred Haynes for details.

July 31st to August 10th – Upper Michigan. This tentative trip includes the Ishpeming Show on August 3rd and field trip locations associated with both that event and with the Keweenaw Days the following week: copper country and more

August 30th – Sept 3rd - central Kentucky with CVGMC.

Answer (What mineral am I?): Halite

Upcoming Field Trip

We are going to the Powers Farm on May 18th, rain date 25th We will meet anyone who would like to go at Pierrepont town garage Rt 68 around 9 am. There is a \$5.00 fee to dig black Tourmaline. Bring lunch if you want to stay longer. (water) Easy digging Any ? contact Wes Jennings 518-354-3211.
